### 72 Hour Emergency Kit

### 72 Hour Emergency Kit

By Rachel Woods, About LDS Guide, http://lds.about.com

#### Notes:

- Update your kit every six months (put a note in your calendar/planner) to make sure that: all food, water, and medication are fresh (not expired), clothing fits, personal documents and credit cards are up to date, and batteries are charged.
- Small toys/games are important too as they will provide some comfort and entertainment during a stressful time.
- Older children can be responsible for their own pack of items/clothes too.
- You can include any other items you feel are necessary for your family's survival.
- Some items and/or flavors might leak, melt, "flavor" other items, or break open.
   Dividing groups of items into individual Ziploc bags might help prevent this.
