

Mudgeeraba Ward Emergency Plan

- Stay in our home until the danger has passed even if it is damaged until disaster is over and things are back to normal. Unless either it is too dangerous to stay or we are advise/ordered to leave. Go over the family emergency plan, contact numbers and prepare your house, animals, emergency and/or evacuation (72 hour) kit etc. as per the **GCCC Community Disaster Guide**.
- Once the danger has passed, check on neighbours and ward members – walk or drive to their homes as assigned if there is **no mobile service**. Assess needs in the following areas:
 - Medical Assistance, including trauma
 - Family separations
 - Food, shelter, sanitation and clothing
 - Ward / stake leaders, determine Church building state of readiness to serve as an emergency evacuation centre.
- Assist members with special needs and missionaries.
- Report to Emergency Response Team who will coordinate ward resources and all should assist community authorities to help with:
 - Protecting property
 - Locating lost family members
 - Preparing for further disaster e.g. sandbagging
 - Trauma assistance
 - Clean up once the disaster has passed

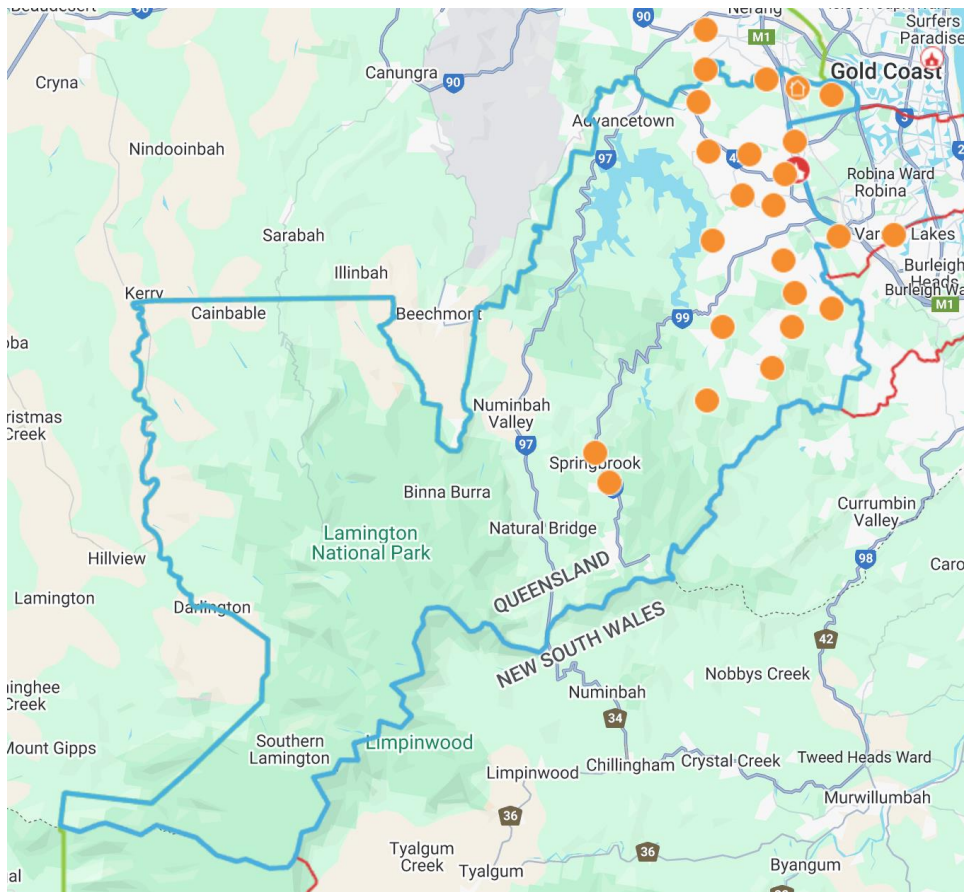

Ward Emergency Preparedness/Resources

Prepare the meetinghouse to receive evacuees, if required and restore the meetinghouse to good working order once the disaster has passed.

Emergency Response Team

Responsibility	Name	Number	Reports to	Reports to
Lead	Mike Wilson	0403 392 076	Bishop, Stake Presidency	Area Presidency
Members	Rebacca Saikaly	0479 014 028	Chairman	
Members	Stephen Glen	0402 924 986	Chairman
